## The week ahead: A curated calendar

### **Wally Hedrick**

“Sex Politics Religion” is a two-venue retrospective of the Pasadena-born artist, who established himself in the burgeoning post-war San Francisco art scene. Hedrick eschewed “style” in favor of pursuing a vision including welded assemblage junk sculptures, Bauhausian abstraction, black monochromes, gestural figuration, graphic signage, pictographic diagrams and near-photorealism.

*Through April 4. Parker Gallery, 6700 Melrose Ave.; The Box  
805 Traction Ave., downtown L.A. [parkergallery.com](http://parkergallery.com)*
